

TERRI M. SCHECHTER

Litigation Support Manager

schechter@wtotrial.com | P 303.244.1834 | F 303.244.1879

BIOGRAPHY

Terri Schechter works closely with clients and attorneys to develop and implement sophisticated eDiscovery and litigation management solutions for some of the nation's top companies. Terri serves as a leader and liaison between WTO's eDiscovery and Litigation Support departments, and she also oversees paralegal case managers and outside discovery vendors. Her role across these four domains gives her uncommon insight into activity at the firm, allowing her to borrow and adapt best practices from across client teams to suit other clients with similar needs.

Terri is a champion of process improvement, continued learning, and leveraging technology to improve efficiencies and reduce costs. She fosters a culture of knowledge sharing and is skilled at examining processes and people to connect relevant dots and minimize common litigation struggles for the firm's clients and attorneys alike.
