HIGHLIGHTS

The plaintiff alleged violations of the Colorado Organized Crimes Control Act, breaches of fiduciary duties, aiding and abetting such breaches, civil conspiracy, and more.
- Serving as lead trial counsel for a public utility company in two putative antitrust class actions alleging wholesale natural gas price manipulation and seeking damages in excess of \$2 billion.
- Successfully represented a global industrial gas company in defense of a competitor's application for preliminary and mandatory injunctive relief, ultimately facilitating resolution of a dispute valued in the hundreds of millions of dollars on highly favorable terms.
- Successfully defended a leading technology distributor against claims of civil conspiracy and trade secret misappropriation brought by former competitors, who sought tens of millions of dollars in damages. Following full discovery and a *Daubert* hearing, plaintiffs dismissed all claims on the eve of trial without any settlement or payment from WTO's client.
- Successfully represented multiple defendants in a \$2.1 billion federal antitrust and labor class action challenging the au pair exchange program administered by the Department of State. After four years of litigation, and just two months before trial, WTO helped to negotiate settlement for the defense group, resulting in defendants paying only 3% of the demand.
- Won summary judgment in a high-stakes commercial dispute involving emerging technology companies. WTO represented 10 of 12 defendants and served as lead counsel for the joint defense.
- Successfully defended a telecommunications company in a state and federal putative class action in Washington arising out of an alleged data breach.

- Successfully defended a leading technology distributor against claims of civil conspiracy and trade secret misappropriation brought by former competitors, who sought tens of millions of dollars in damages. Following full discovery and a *Daubert* hearing, plaintiffs dismissed all claims on the eve of trial without any settlement or payment from WTO's client.
- *Beltran v. Noonan et al.* (D. Colo. 2019) - Successfully represented multiple defendants in a \$2.1 billion federal antitrust and labor class action challenging the au pair exchange program administered by the Department of State. After four years of litigation, and just two months before trial, WTO helped to negotiate settlement for the defense group, resulting in defendants paying only 3% of the demand.
- Won WTO's motion to dismiss a federal antitrust action for a New Mexico healthcare trade association accused of conspiring to exclude healthcare providers from market.
- Won motions to dismiss all antitrust claims against our client, a leading technology distributor, in multiple related antitrust conspiracy lawsuits brought by former distributors.

KATHRYN A. REILLY

- *EPMM Colorado v. Green Cross Colorado* (Denver Cnty. Dist. Ct. 2015) - Won reversal of a TRO that had been issued *ex parte* at the close of business on a Friday, effectively shutting down operations for a major manufacturing and distribution client, and subsequently won rejection of the injunction against WTO's client.
- Successfully represented a healthcare trade association in an \$80 million federal antitrust lawsuit alleging conspiracy among the trade association, health systems, and health insurance companies.
- *JetAway Aviation v. Board of County Commissioners of the County of Montrose, Colorado* (D. Colo.; 10th Cir.) - Won summary judgment from trial court and successfully defended that order before the Tenth Circuit in a federal antitrust lawsuit alleging conspiracy to monopolize fixed-base operations at an airport.

- Counseled healthcare providers regarding antitrust implications of joint venture transactions, the development of integrated networks, ACOs, managed care contracting, and price and cost surveys among competitors.

Commercial Litigation

- Obtained complete dismissal with prejudice for two real estate investment clients facing claims brought by a municipal district seeking hundreds of millions of dollars in damages. The plaintiff alleged violations of the Colorado Organized Crimes Control Act, breaches of fiduciary duties, aiding and abetting such breaches, civil conspiracy, and more.
- Successfully represented a global industrial gas company in defense of a competitor's application for preliminary and mandatory injunctive relief, ultimately facilitating resolution of a dispute valued in the hundreds of millions of dollars on highly favorable terms.
- Won summary judgment in a high-stakes commercial dispute between technology companies. WTO represented 10 of 12 defendants and served as lead counsel for the joint defense. At issue were questions of legality and fraud related to asset management and an outstanding loan owed by a business entity that had dissolved. WTO demonstrated that its clients had been fair and above-board, and that no fraud existed.
- Successfully defended a telecommunications company in a state and federal putative class action in Washington arising out of an alleged data breach.

KATHRYN A. REILLY

- Successfully represented Aimco, one of the largest apartment owners in the U.S., in nationwide litigation alleging intentional torts against Airbnb. After jury selection in the first trial, Airbnb settled all litigation on terms allowing Aimco to control short-term rental activity consistent with its contract and property rights. The closely watched litigation is changing how the short-term rental industry operates.
- Won summary judgment in arbitration for a nation-leading telecom provider in an indemnification dispute with a former subcontractor whose employee filed a class action lawsuit in the Southern District of New York. Though the plaintiff was one classmember among thousands, WTO demonstrated that the subcontractor was liable to indemnify WTO's client for all of its attorneys' fees related to the class action and a pro rata share of the resulting settlement. WTO's client won \$1.5 million, plus attorney fees.
- Won summary judgment for a health system in a putative consumer class action alleging fraud and consumer deception claims relating to issuance of patient refunds through prepaid debit cards.
- Won a Tenth Circuit appeal for a leading U.S. railroad operator defending a district court order that dismissed a third-party intervenor's claims against WTO's client based on lack of standing to enforce an EPA consent decree.
- Successfully represented an aerospace supplier in a product liability action involving responsibility for a \$10 million cleanup effort at a rocket manufacturing facility.
- Successfully defended a Fortune 50 telecommunications conglomerate against allegations brought by a competitor that WTO's client breached FCC phone number portability regulations.
- Successfully represented a leading regional healthcare network as lead trial counsel in a high-stakes trademark dispute against a national healthcare insurance provider.
- Obtained dismissal for an insurance company client facing a civil RICO lawsuit in federal court, with risk of treble damages, for issuing a surety bond to a marijuana business as required by state regulations. The judge granted our client's motion to dismiss because the plaintiffs failed to plausibly allege injury sufficient to establish RICO standing.
- Won summary judgment for a major ski resort as plaintiff in a contract dispute involving a wireless infrastructure contractor.
- Represent one of the nation's largest healthcare franchisors in a federal court action challenging the legality of the underlying business model.
- Successfully represented a Colorado-based healthcare system in breach of contract action involving provision of home healthcare services.
