CASES

- *State Farm v. Griggs*, 419 P.3d 572 (Colo. 2018) - Won an "extraordinary remedy" from the Colorado Supreme Court reversing a trial-court order implying a waiver of the attorney-client privilege. The unanimous opinion establishes that the mere "fact that privileged information might become relevant in a given lawsuit could not alone be enough to establish an implied waiver."
- Representing a major commercial insurer in nationwide concussion and traumatic brain injury class action litigation involving the National Collegiate Athletic Association, National Hockey League, and U.S. Soccer Federation.
- Defended a major motorcoach manufacturer in a multiple-fatality rollover crash litigation involving extensive document production.
- *Granite State Insurance v. Ken Caryl Ranch Master Association*, 183 P.3d 563 (Colo. 2008) - Successfully appealed to the Colorado Supreme Court a case WTO won at the trial court level, but which was reversed by the Colorado Court of Appeals. Following arguments, the Colorado Supreme Court's published opinion restored the complete victory for the insurer in this precedent-setting case of first impression and made it easier for commercial property insurers to understand and follow Colorado's statutory notice requirements.

JOHN R. (JACK) TRIGG

- *In re Ford Explorer Cases* (Cal. Sacramento Cnty. Super. Ct. 2007) - Defended Ford Motor Co. in a four-month certified class action trial involving \$2 billion in consumer fraud claims. On the day set for closing arguments, the plaintiffs agreed to a no-cash, coupon-based settlement for the California class and classes in three other states with pending parallel actions.
- Represented footwear manufacturer Crocs in nationwide litigation involving allegations of defectively designed footwear and failure to warn with respect to alleged risks associated with wearing the shoes on escalators.
- Won a jury defense verdict in U.S.D.C. for the District of Colorado for an automobile manufacturer in a wrongful death crashworthiness case.
- Represented Ford Motor Co. in a 10-month, nationwide class action jury trial in California involving thick film ignition modules in 12 million vehicles. The trial ended in a hung jury.
- Defended Ford Motor Co. in a Missouri class action involving automobile transmissions.
- Won dismissal for Ford Motor Co. in an Alabama class action involving the Bronco II.
- Represented defendants in the Dupont Plaza Hotel fire that killed 97 people in Puerto Rico.
- Represented defendants in claims relating to the Beverly Hills Supper Club fire, which killed 168 people in Southgate, Kentucky.
- Defended Mobay Chemical Company (then a subsidiary of Bayer) against claims arising from the Sunshine Mine disaster. The catastrophic fire in the Idaho silver mine killed more than 90 miners. After a four-month trial, all claims against Mobay were dismissed.
